Report of Forest Fire Wardens

AN APPEAL FROM YOUR FOREST FIRE WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook - yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness - our carelessness. This, we - you - and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations - hours, etc., governing the use of the town dump we are simply protecting your and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you.

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it.

REPORT OF SCHOOL NURSE

The School Health Program is designed to raise the health standards of all pupils by the formation and extension of desirable practices, attitudes, and understanding associated with nutrition and growth, rest and sleep, activity, fresh air and sunshine, elimination, cleanliness and care of teeth, body, and clothing. It stresses the importance of securing dental and medical attention, care of eyes and ears, posture, and emotional and social adjustment. This program helps to discover and correct, as far as possible, the development of defects; to dispel a child's fear of doctor and dentist examinations and treatments; to help parents know where they can go for desired help outside the community and to make parents more health conscious.

In the Fall, all of the pupils of grades 1, 4, and 7 go to the Hospital at North Conway for a physical examination. Eight pupils were done this Fall. This examination includes height and weight, examination by a doctor, teeth checked by a dentist, and a blood and urine test by the hospital technician. A written report is mailed to parents and a follow-up visit made by the School Nurse whenever necessary.

Our program is greatly assisted by the State Health Clinics and the Tuberculosis Association. The number of pupils who went to these Clinics during the year are:

Salk Vaccine	19	Triple Toxoid	5
Patch Test	24	Chest x-ray	1
Sight Program	1		

Every year we are more keenly aware of the fact that good education is not complete without good health. I feel that we are making progress in our Health Program and I wish to thank the many people, without whose help we would be unable to accomplish our goals.

Julia T. Cox, R.N.
